

SPECIALTY BUILDING PRODUCTS

 **plastpro**[®]
THE DOOR OF BEAUTY & INNOVATION

Novatech[®]

millwork sales[™]

an  brand

WHO IS **S B P**

SBP operates with over **4,500+ employees** across **61 locations**. We have more than **23,500,000 sq. ft. of storage capacity**, carrying **37,000+ product SKUs** from over **500 supplier partners**.

Our fleet of **525+ trucks** delivers to **15,000+ dealer locations** throughout **U.S. and Canada**.

ABOUT SPECIALTY BUILDING PRODUCTS

Specialty Building Products is the leading distributor of specialty building products in North America. At **Specialty Building Products**, we offer an extensive selection of moulding and millwork designed to bring craftsmanship, character, and finishing detail to every project.

From classic profiles to modern designs, our broad assortment provides builders, contractors, and dealers with the styles, materials, and dimensions needed to complete any space with precision and style.

Backed by our strong distribution network of **over 60 locations across all North America**, and trusted manufacturing partners, SBP delivers the moulding and millwork solutions professionals rely on—combining variety, consistent quality, and dependable availability to help you finish every project with confidence.

Hurricane Impact

High velocity hurricane zone (HVHZ) approved doorglass

Built for strength and durability, our impact-resistant doorglass offers unparalleled protection against flying debris, extreme winds, and weather damage. Keep your family safe while enhancing your home's security and energy efficiency. Perfect for residential homes in hurricane-prone areas.

Satisfies these requirements

- Meets high velocity hurricane zone #FL15419 (www.floridabuilding.org)
- Design pressure and wind and missile impact code requirements for HVHZ areas
- Laminated glass tests (ASTM C11172)
- Added value of noise reduction

Shaker impact frame Features & benefits

- Missile impact tested and approved
- Attractive smooth vinyl frame, ideal for beautiful homes
- First impact frame to market without visible screw holes
- Snap-on cap covers all screws fits 2'6", 2'8" and 3'0" doors with normal cutouts
- Eliminates the need for hurricane shutters

Florida wind-borne debris region

Flat Profile Frames

Injection molded flat profile frame

Novatech's injection molded flat profile frame is available in the following sizes: 22 × 80 | 8 × 80 | 22 × 64 | 20 × 64 | 7 × 64 | 22 × 48 | 8 × 48 | 22 × 36 | 8 × 36 | 22 × 17 | 25 × 15¼ | 22 × 15¼

White
flat profile

Extruded vinyl flat profile frame

Novatech's extruded vinyl flat profile frame is available in any rectangular size. Finishing vinyl with dark colors is not recommended in high heat regions.

Pet Door

Novatech's pet door is the ultimate in convenience for both pet owner and pet! Easy installation allows your pet to enjoy the outdoors on her schedule and return inside without having to bark or scratch at the door to gain your attention.

Features & benefits

- Fits most 2' 8", 2' 10" and 3' steel or fiberglass doors with 6-panel, 4-panel and 2-panel designs
- 23" x 26 1/4" cut out with instructions included
- 10 1/8" x 16 1/2" opening for pet
- Additional panel included to close flaps and stop entry or exit
- White, paint-ready, raised moulding design
- Panel to door sealant already applied for a tight seal
- Strong, safe and convenient
- For dogs up to 100 pounds

Enhance the aesthetics and natural light of any home with the Nova series, featuring direct-glazed glass that delivers a seamless, elegant design. For an added level of performance and style, ONYX offers durable, enhanced pigmented fiberglass, providing rich, long-lasting color without the need for frequent maintenance or painting. The color is built directly into the door for lasting impact.

Exclusive HydroShield™ Technology protects doors against moisture and humidity infiltration by forming a fully composite barrier that encases and seals the door on all six sides. This advanced protection helps prevent warping, delamination, corrosion, rotting, and the buildup of mold and mildew. When paired with PF (Polyfiber) Door Frames, doors featuring HydroShield Technology create a truly impenetrable entryway.

When paint is applied on top of a fiberglass door skin, if the paint chips, the door will need to be touched up to not see the fiberglass beneath.

ONYX pigment permeates the entire door skin, meaning the color won't flake off like paint revealing the fiberglass underneath.

FEATURES & BENEFITS

- 1 COMPOSITE STILE CAP
- 2 FULL LENGTH LVL (Hinge & Strike side, for extra rigidity)
- 3 WOOD BLOCKING (For structural support in HVHZ Impact models)
- 4 STEEL BEAM (Hinge & Strike side, for extra rigidity in all 8'0" and HVHZ Impact models)
- 5 INSULATED 1" GLASS
- 6 ONYX COMPRESSION MOLDED FIBERGLASS SKIN
- 7 BRUSH FINISHED TEXTURE
- 8 INTEGRALLY MOLDED GLASS STOP
- 9 HIGH DENSITY POLYURETHANE FOAM
- 10 ADA COMPLIANT BOTTOM RAIL
- 11 COMPOSITE BOTTOM RAIL
